The NSW Government is upgrading the Mosman Bay Wharf as part of the Transport Access Program’s Ferry Wharf Upgrade Program.

Background

The NSW Government is progressively upgrading ferry wharves across Sydney Harbour to improve Sydney’s ferry service for customers. The new wharf is being delivered as part of the NSW Government’s $770 million Transport Access Program – an initiative to deliver modern, safe and accessible transport infrastructure.

Mosman Bay Wharf will be closed from Wednesday 26 March 2014 for about six months, weather and maritime conditions permitting. All efforts will be made by the project team to reopen the wharf as soon as possible.

The upgraded wharf will provide:

- Better protection from the wind, rain and sun
- Improved safety for customers
- Improved access for mobility impaired passengers and passengers with prams
- Quicker and more efficient boarding and disembarking.

What to expect during the upgrade

The standard work hours for the project are 7am to 6pm Monday to Friday and 8am to 1pm Saturday. Work may be required outside of standard hours when water is at its calmest. Some work, including the installation of piles, requires very still water for safety and accuracy. Nearby residents will be notified in advance of any early morning or night work.

Activities will include:

- Setting up the site – installing fencing, site hoardings and site sheds
- Removing the existing pontoon and taking it away to be refurbished
- Replacement of eight existing piles and installation of two new piles – some of this work will be noisy
- Delivery and installation of gangway and ramp
- Wharf fit out.

Equipment will include barges, cranes and service boats. Construction workers and equipment will usually be transported to and from the site by water to minimise impacts on local traffic.
Alternative transport during construction

Customers can catch the 230 bus service to Military Road (approximately 9 minutes from Mosman Bay Wharf) to connect to services to the City or continue on route 230 to North Sydney Station and Milsons Point Wharf.

The Mosman Ferry Service F6 and the Taronga Ferry Service F2 will continue to operate to the existing timetables at all wharves on these services.

Plan your trip by calling 131 500 or by visiting [www.transportnsw.info](http://www.transportnsw.info) to use the trip planner. Please allow extra time for your journey. For information about the Mosman Bay Wharf upgrade you can:
