Project update - The Grand Parade and President Avenue, Brighton-Le-Sands

The NSW Government is funding this project as part of its $300 million program to ease congestion on Sydney’s key southern corridors by improving major pinch points.

Roads and Maritime Services sought feedback from the community and stakeholders in May on a proposed night work construction schedule for intersection improvements at The Grand Parade and President Avenue.

We received comments from six people with three supporting the proposed schedule working up to five nights a week. One supported the alternative schedule working up to three nights a week and one requested that no night work be carried out. One person raised matters related to the bus stop relocation.

Following a review of the feedback, we have decided to proceed with the proposed schedule, working up to five nights a week for a 14 week period and carrying out noisier work until midnight.

There will be 60 shifts of night work between Wednesday 22 June and Thursday 6 October, excluding Saturdays, weather permitting. Our working hours will be from 8pm to 5am. We will also be working intermittently during the day from 7am to 5pm between Mondays and Fridays.

The work will include:

- Providing an additional right turn lane from The Grand Parade into President Avenue
- Relocating and consolidating the two bus stops southbound on The Grand Parade opposite Banks Street and north of President Avenue to a new location about 100 metres south of President Avenue
- Trimming seven Norfolk Pines on The Grand Parade and removing overgrown vegetation
- Adjusting kerb and gutter, road widening and line marking on the eastern side of The Grand Parade
- Relocating and upgrading traffic lights, street lighting and underground utilities
- Installing pedestrian fencing along The Grand Parade centre median between President Avenue and Banks Street
- Improving existing pedestrian ramps
- Removing about nine car spaces on the eastern side of The Grand Parade
- Relocating drainage pits and repairing drainage pipes
- Removing some of the existing raised median
- Removing and replacing asphalt.

We have included a map to help explain the project.
How will the work affect you?

There will be noise associated with this work but we will make every effort to minimise its impact, including doing noisier work before **midnight**.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please call our delivery partner Ventia Boral Amey Joint Venture on 1800 677 700 or email nswenquiries@vbajv.com.au
